PENN 8° 45' E.

CLINCH GRAY D.S. Originally surveyed the Boundaries and sectional lines of the Township. He omitted the line between sections 7 & 8, and only extended the Northern boundary west 4 miles and 53 chs. where the line terminated in an impassable swamp. He ran the North and East boundaries in the 1st gr. of 1821, and the remainder of the work in the 1st of 1822 and was paid for the whole in the 2^d gr. of 1822.

JOHN WHITTEN J^r D.S. Originally surveyed the claims in this Township (excepting sections 37 & 54) together with the lines between sections 7 & 8, and the corners of sections 7 & 8. The surveys were made in the 2^d gr. of 1825, and paid for in the 3^d gr. of 1821.

A. PENN. D.S. originally surveyed sections 37 & 54, and resurveyed sections 38, 53 & 55 and the traverse of sec. 52. Sections 53 and 54 were surveyed in the 3^d gr. of 1832. He was paid for section 37 in the 3^d gr. of 1828 but no account has been found for the remaining surveys.

J. C. NAYLOR D.S. resurveyed sec. 38, 53 & 55, in the 3^d gr. of 1836, and was paid in the 4th gr. of 1836.

SILAS TAYLOR D.S. resurveyed sec. 37 and all of the North boundary. The former in the 2^d gr. of 1846 and the latter, in 1845 and 1846. These surveys were executed under Contract of August 1st 1840, and the account for the same was approved October 19th 1848.

J. C. TAYLOR D.S. resurveyed the Western Boundary of the Township in the 1st and 2^d grs. of 1847, under Contract of December 1st 1846. His account for the work was approved Sept. 30th 1846.

JOSEPH TROSKOLAWSKI, D.S. resurveyed all the Township, except sec. 37 and the North and West boundaries in the 3^d gr. of 1851, under Contract of Feb. 5th 1851 and accompanying General Instructions of Feb. 7th 1851. He retraced the old line and re-established old corners wherever found. For East boundary see account of T. 8 S. R. 12 E. approved Aug. 9th 1852.

NOTE. The original line between sec. 43 and 45, was not surveyed by Whitten nor by any of the Surveyors above mentioned; the Division being under the impression, it is presumed, that all the land was embraced in one claim. The partition line in red has been determined by a calculation founded on the relative areas of the two claims, as given in their respective confirmations.

Sections 6, 7 and 8 and the West fraction of section 5, accrue to the State of Louisiana as Swamp land, under the provision of an Act of Congress approved Sept. 25th 1850. See List herewith transmitted.

SURVEYOR GENERAL'S OFFICE,
Donaldsonville, La. August 12th 1852.

The above Township map has been examined and compared with the approved field notes of the surveys thereof, now on file in this office, found correct and is hereby approved.
